

Day of Visit

Your temperature will be checked – if you have a fever over 99.6 you will be asked to leave the office immediately and called back for a tele-health visit.

ALSO ADVISE US IF YOU HAVE AN UPPER RESPIRATORY INFECTION, COUGH OR DIRECT EXPOSURE TO SOMEONE WITH COVID 19

YOU MUST WEAR A MASK COVERING BOTH YOUR MOUTH AND NOSE THE ENTIRE TIME YOU ARE IN THE OFFICE. This protects your health as well as the health of other patients and staff

Please do not bring a guest to the visit unless absolutely necessary for translation /ambulation assistance or accompanying a minor

Examination

- Your exam will occur with minimal talking and communication. The Dr will instruct and direct what specifically is needed. Any additional testing/dilation will be performed – again with minimal conversation

-If needed, the visit can be discussed completely with you or family members time can be arranged for a telephone consultation

- We thank you for your cooperation and trust you will see our intent is to protect both our patients and staff during the time of this pandemic.
